
Life Insurance

1073.1 PURPOSE AND SCOPE

The purpose of this policy is to provide employer sponsored life insurance to eligible employees. This applies to all full-time employees.

1073.2 POLICY

It is the policy of Northwest Fire District to provide life insurance at no cost to eligible employees. Upon separation of employment with the District, an employee may continue the life insurance coverage at a quoted rate from the insurance company.

The District also makes available to employees the opportunity to buy voluntary life insurance coverage. This is optional and would be through a bi-weekly payroll deduction.
